KOUNAIN

About Us!

We are a customer focused company manufacturing wide range Beauty Instruments. We are specialized in manufacturing of Eyelash Extension Tweezers, Barber Scissors, Podiatry Instruments, Eyebrow Tweezers and Nail & Cuticle Instruments. Kounain Industries was established in 2002 and grew to one of the most respected manufacturing company of Beauty Instruments. In addition to thousands of general models, we are also developing customized instruments as per customer requirements. We are using Japanese Stainless Steel 440C, 420 and Pakistani Stainless Steel as per customers choice.

Selection of Material

Japanese Stainless Steel is used in Barber Scissors and Eyelash Tweezers as well as Pakistani Stainless Steel.

The selection of material depends upon the choice of customers as per their quality, price and market requirements. Material certificate issued by a recognized lab can be provided as well.

Production and Customization

Each production process is well defined and always documented under batch and lot numbers which can be tracked back as and when required. We conduct special surface treatment process to ensure clean and smooth surface of the instruments. We offer customized instruments and packing to our customers and help them to introduce their own brand as per their market requirements.

Quality Control

We have established a quality control department equipped with trained and experienced staff. Each instrument is required to be passed through a certain controlling process before finally being packed and shipped. This helps us to ensure the same quality of instruments every time.
