

Phone Case Wireless Printer

Product Introduction

1. Operation Through Moboile Phone

Scan the QR code and selects the mobile phone case model to design the printed pattern freely, making it easier

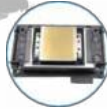

2. Two-Way Infrared Height Measurement

Built-in left and right infrared rays, automatically detect the height of printed items, adjust the height of the platform, save more time, and print accurately

3. Timed Cleaning

The printer automatically cleans every two hours (the time can be customized for cleaning), without computer control.

4. White Ink Stirring

Prevents white ink precipitation from clog,ging the nozzle, so as to reduce the loss rate of the print head and prolong the service life of the print head.

5. Silver Guide Rail

Silent printing, avoid left and right misalignment, and run more smoothly

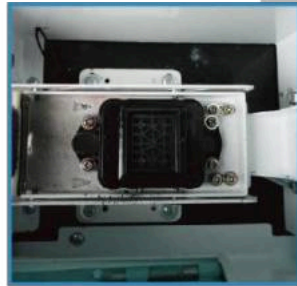

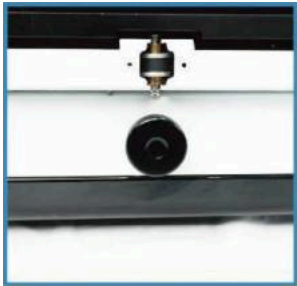

Product Application

Product Parameters

Product Name	Phone Case Wireless Printer
Motherboard	Hoson
Print Head	XP600
No. Of Print Heads	Single Print Head
Printing Color	CMYK+WW
Display Control Screen	7 inch
Operation Software	HTML5 APP
Print Head Cleaning	Auto Cleaning
Printing Resolution	1440dpi
Printing Speed	1-2min/pcs
Printing Height	0-10mm adjustable
Ink Type	UV Ink
Ink Tank Capacity	250ml
Printing Environment	15-30°C
Relative Humidity	40-60%
Rated Power	150W
File Format	jpeg/jpg/png
Application	For Phone Case Printing
Support Models	For 80+ Iphone&Samsung Model
Warranty Time	38 months warranty (ink contact parts are not warranty)
Equipment Size	590*350*340mm
Equipment Weight	26kg

Software	AcpRIP9.03(Free)/EraRIP
Operation System	Windows XP/7/8/10/11
Print Head Cleaning	Auto Cleaning
Printing Resolution	A5(1440dpi/1min)
Suction Platform	No
Ink Type	UV Ink
USB Interface	USB3.0
Printing Environment	15-30°C
Relative Humidity	40-60%
Rated Power	150W
File Format	tiff/jpeg/jpg/png/pdf/eps .etc
Warranty Time	38 months warranty (Ink contact parts are not warranty)
Equipment Size	500*370*270mm
Equipment Weight	19kg
Printing Material	Metal/Acrylic/Glass/Wood/Plastic/Ceramics/Leather/KT Board/Canvas/ABS/PVC/TPU, etc.

A4 UV Printer

Product Introduction

1. Printing Height 0-12CM

Exclusive design roller mold, can print glass bottles, mugs, etc

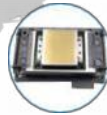

2. Two-Way Infrared Height Measurement

Built-in left and right infrared rays, automatically detect the height of printed items, adjust the height of the platform, save more time, and print accurately

3. Timed Cleaning

The printer automatically cleans every two hours (the time can be customized for cleaning), without computer control.

4. White Ink Stirring

Prevents white ink precipitation from clogging the nozzle, so as to reduce the loss rate of the print head and prolong the service life of the print head.

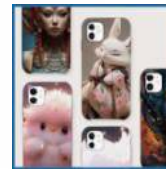

5. Applicable to all Items

Can print on metal, glass, wood, acrylic, leather, PVC, silicone, ceramic and other hard surfaces (regular and irregular shapes); can make stickers; can also print textiles such as clothing.
