MASCOT INTRODUCTION

Established in 1996, MASCOT MACHINERY CO. began its journey serving Pakistan's apparel industry, backed by deep practical and technical expertise in industrial sewing machines. In 2002, we expanded our vision to equip the sewing sector with modern, high-performance technology at competitive investment levels. With our experience and insight into the local market, we proudly introduced ZOJE sewing machines as a reliable and cost-effective alternative to expensive Japanese brands. Our efforts over the last two decades have focused on helping manufacturers enhance productivity while keeping production costs under control.

Later, in 2007, we introduced SUPREME, a premium Chinese brand offering specialized sewing machines that rival European technology.

Over time, we also added several well-known brands such as Zusun, Bando (a Korean towel-making company), Liying Washing Machines, Yili, Dayang, and many other small but reputable brands. Today, we have a lot of brands recognized as top-tier names in global sewing machine technology—and MASCOT MACHINERY CO. is the sole authorized agent of brands in Pakistan.

At MASCOT MACHINERY CO., we provide comprehensive solutions for the entire apparel production process—from the cutting division to the final packing stage. Our extensive product range includes:

- Industrial Sewing Machines
- Auto Cutters & Fabric Spreaders
- Industrial Washing Machines
- Water Treatment Equipment & Media for Environmental Protection Industry
- Hanger Systems
- ERP Systems for Factory Automation
- Spare Parts for All Well-Known Brands
- Finishing Equipment, Attachments & Accessories

OUR MISSION

At MascotMachineryCo., our mission is to guide manufacturers in selecting the right machinery, encourage direct imports to reduce costs, and support new players in the textile sector through expert consultancy and tailored financial planning. We strive to be a reliable partner in building efficient, competitive, and sustainable operations

VISION

To be the most trusted partner in empowering the textile industry through innovative machinery solutions, cost-effective strategies, and unwavering support for both emerging and established manufacturers.

www.mascotmachinery.com

TARGET

Our target market includes new and established textile manufacturers seeking cost-effective, reliable machinery solutions. We focus on clients who value expert consultancy, direct import options, and comprehensive support—from machine selection to financial planning.

MASCOT has a highly technical department that always welcomes and advises more productive, efficient, and cost-effective solutions for our clients.

At Mascot Machinery Co., we believe that trust, integrity, and innovation are the foundations of long-term success. For over 30 years, our family has proudly served the textile industry, providing not just machines, but complete solutions for growth and efficiency. We are passionate about helping both new and established manufacturers succeed. Our mission is simple: to guide our valued clients in selecting the right machinery, reduce their operational costs through direct imports, and offer the consultancy and financial planning they need to compete at a global level. As we step into the future, our second generation joins with the same dedication and spirit to carry our legacy forward. We remain committed to staying at the forefront of global technology—partnering with top suppliers from China, Germany, Korea and Taiwan—to bring high-productivity solutions to the Pakistani market and beyond. **Thank you for your continued trust in Mascot Machinery Co. Together, we build a stronger, smarter textile industry.**

Thanks with Love
